

# DIPTFORD CHURCH of ENGLAND PRIMARY SCHOOL

### **ACCESSIBILITY PLAN 2015 -2018**

Diptford Church of England Primary School has been described as a school where 'Pupils enjoy a very wide range of stimulating learning activities.'We want all children to enjoy school, to be challenged to achieve their very best, and to consider their time at the school as their own 'learning adventure'. We are committed to working together to provide an inspirational and exciting learning environment where all children can develop an enthusiasm for life-long learning. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children.

We are committed to providing an environment that enables full curriculum access that values and includes all pupils, staff, parents/carers and visitors.

#### **PURPOSE OF PLAN**

This plan shows how we intend, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors:

### Increasing access to the curriculum for pupils with a disability

This includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits.

## Improving access to the physical environment

This includes improvements to the physical environment of the school and physical aids to access education.

### • Improving the delivery of written information to pupils

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents'/carers' preferred formats and be made available within a reasonable timeframe.

#### **DEFINITION OF DISABILITY**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse affect on his/her ability to carry out normal day-to-day activities.

#### **BACKGROUND AND AUDIT**

#### Curriculum

We are aware that there are areas of the curriculum to which disabled pupils may have limited or no access. Some areas of the curriculum present particular challenges, for example: PE for pupils with a physical impairment, science and technology for pupils with a visual impairment, humanities for pupils with learning difficulties. Other issues affect the participation of disabled pupils, for example: bullying, peer relationships, policies on the administration of medicines, the provision of personal care, the presence or lack of role models or images of disabled people, in effect, all the school's policies and procedures, written and unwritten.

### **Physical Environment**

Diptford Church of England Primary School has been in its current location since 1865. The original single storey Victorian building houses classroom 2, the "Diptford Den", toilet facilities, Headteacher's, administration and resources offices. A second floor extension (accessed by a single set of stairs) was built in the 1980/90s to provide a library and staff room. Around the 1960/70s two single storey temporary classrooms were installed to create classrooms 1 and 3. There are various storecupboards around the building.

The two temporary classrooms have an open plan layout, which is better suited to modern teaching styles; however they are well past their design life and they are of a poor insulation standard compared to modern buildings. We have investigated whether these can be replaced, Devon County Council say that compared to other school classrooms in the district they were in comparatively better shape and therefore no funding is available to replace or improve them. Alternative funding is being investigated and if, at any time in the future, funding is secured, when replacing these buildings, disability access will be a key priority including the provision of a disabled toilet.

Disabled pupils participate in extra-curricular activities. Some aspects of extra-curricular activities present particular challenges, for example: lunch and break times for pupils with social/interaction impairments, after-school clubs for pupils with physical impairments, school trips for pupils with medical needs.

Our school has several barriers to inclusion of physically disabled children, particularly in wheelchairs although we have in the past managed in the short term with children with broken legs who are able to move out of their chairs temporarily. We would need to respond to needs if and when they arise but an audit of limitations shows –

- No permanent disabled access to classrooms with steps (although a temporary ramp is available)
- Access to the library with stairsaccess (books in the library are rotated with books in the classrooms and Diptford Den).
- No disabled toilet or rail in existing toilets
- Internal steps in the main building
- Narrow corridors and tight access points

- One staff toilet for increasing number of staff as our support staff grows
- Small school infrastructure
- Hall and dinner facilities down the lane or across the field
- No on-site parking and no dedicated disabled parking bay (although the school bus bay is next to the school and could be used)

#### **Information**

Different forms of communication are made available to enable all disabled pupils to express their views and to hear the views of others. Access to information is planned, with a range of different formats available for disabled pupils, parents and staff.

We aim to ask about any disability or health condition in early communications with new parents and carers. For parents and carers of children already at the school, we collect information on disability as part of a survey of parents' views, or in conjunction with a letter home about a parents' evening.

### **Current Range of known disabilities**

The school has children with a range of disabilities to include moderate and specific learning disabilities. We have a pupilwith a sight impairment. We have sought advice from an external expert and are implementing his recommendation (included below).

We have asked parents/carers and staff to advise us of any disabilities and no further disabilities have been identified.

#### Overall

We do not at present have any children with a disability that we are not currently managing within our normal curriculum and physical layout. Steps have already been taken to ensure access is possible, for example a permanent ramped access to the reception area and a moveable ramp is also available. We are aware that we need to continually review and make changes as and when specific issues are identified.

### INCREASING ACCESS TO THE CURRICULUM FOR PUPILS WITH A DISABILITY

Improving teaching and learning lies at the heart of the school's work. Through self-review and Continuous Professional Development (CPD), we aim to enhance staff knowledge, skills and understanding to promote excellent teaching and learning for all children. We aim to meet every child's needs within mixed ability, inclusive classes. It is a core value of the school that all children are enabled to participate fully in the broader life of the school. Consequently, all children have always been permitted to attend age relevant after school clubs, leisure and cultural activities and educational visits. The only exception would occur if a child had breached school rules when deprivation of club attendance may be used as a suitable short term sanction and to ensure the safety of others.

Our key objective is to reduce and eliminate barriers to access to the curriculum and to ensure full participation in the school community for pupils, and prospective pupils, with a disability.

We have proved ourselves to be an inclusive school for children with particular needs. We have admitted children from out of area and provided them with particular support to enable them to participate in the school curriculum.

Targets	Strategies	Timescale	Responsibility	Success Criteria
Increase confidence of all staff in differentiating the curriculum	Be aware of staff training needs on curriculum access	On-going and as required	SENCO	Raised staff confidence in strategies for differentiation and increased pupil participation
	Assign CPD for dyslexia, differentiation and recording methods			
Ensure all staff have specific training on disability issues	Be aware of staff training needs Staff access appropriate CPD	Ongoing and as required	Head of School SENCO	Raised confidence of support staff
,	Identify training needs at regular meetings			
	Review the needs of childrenwith specific issues, provide allrelevant training.			
Ensure all staff (teaching &non teaching) are aware of disabled	Set up a system of Individual Access Plan's for disabled children when appropriate		SENCO	All staff are aware of individual's needs
children's curriculum access	Share information with all agencies involved with each child			
Ensure all staff are aware of disabled children's curriculum	Set up a system of individual access plans for disabled pupils when required	As required	SENCO	All staff aware of individuals needs
access	Information sharing with all agencies involved with child			
Use ICT software to support learning	Make sure software is purchased and installed where needed	As required	Head of School	Wider use of SEN resources in classrooms
All school visits and trips need to be accessible to all pupils	Ensure venues and means of transport are vetted for suitability  Develop guidance on making trips accessible	Ongoing	SENCO	All pupils are able to access all school trips and take part in a range of activities

Review PE curriculum to ensure PE accessible to all	Gather information on accessible PE and disability sports	As required	PE co-ordinator	All to have access to PE and be able to excel
Review curriculum areas and planning to include disability issues	Include specific reference to disability equality in all curriculum reviews		SENCO & Head of School	Gradual introduction of disability issues into all curriculum areas
Ensure disabled children can take part equally in lunchtime and after school activities	Discuss with Out of school Club staff, and people running other clubs after school. Support would have to be available – especially after school	As required	SENCO	Disabled children feel able to participate equally in out of school activities
Access arrangements to meet individual's needs whentaking tests etc will be applied for and supportprovided when required	SENCO willensure appropriate testing andreports are provided in orderto apply for accessarrangements			All pupils will have theirindividual needs met, andany barriers to achievingtheir full potential willbe removed

### IMPROVING ACCESS TO THE PHYSICAL ENVIRONMENT OF THE SCHOOL

Diptford Primary School is continuing to grow and develop –pre-school has moved onto the School's premises. It is hoped that in the near future we will be able to expand the buildings and to improve the facilities.

Provision, in exceptional cases, will be negotiated when a pupil's specific needs are known.

We have a range of equipment and resources available for day to day use. We keep resource provision under constant review. The schools Improvement planning process is the vehicle for considering such needs on an annual basis.

Targets	Strategies	Timescale	Responsibility	Success Criteria
To be aware of the access needs of disabled children, staff, governors and parents, carers	To create access plans for individual disabled children as part of the DAF process	As require	SENCO / Classteacher	IEP's are in place for disabled pupils, and all staff are aware of pupils' needs.
. ,	Through questions, discussions and newsletters find out the needs of others	Annual	Head of School	All staff, governors, parents/carers are confident that their needs are met.  Monitor to ensure any new needs arising are met.

Layout of school	Consider needs of disabled pupils, parents/carers, staff, visitors when considering any redesign	As required	Head of School	Re-designed buildings are usable by all
Ensure everyone has access to reception or waiting area	Improve access to reception area during any re-design		Head of School	Disabled parents / carers / visitors feel welcome.
	Check the outer door is wide enough for a wheelchair		Head of School	
	Provide a bell on the door so that wheelchair users can get the attention of staff in the office.		Head of School	
Ensure that all areas of school building and grounds are accessible for all children and adults and tocontinue to improve the access of the physical environment for all.	SEN staff to audit accessibilityof school buildings and grounds.			Any modificationsneeded will be made tothe school building andgrounds that are neededto facilitate ease ofaccess for all.
Maintain safe access for visually impaired people	Yellow paint on step edges is required.  Check exterior lighting is working on a regular	Ongoing checks	Head of School Head of School	Visually impaired people feel safe in school grounds.
	basis		riedu di Scriddi	
	Put black/yellow hazard tape on poles at end of play equipment to help visually impaired child		Head of School	
Ensure all disabled people can be safely evacuated	Ensure there is a personal emergency evacuation plan for all disabled pupils.		Head of School	All disabled pupils and staff working with them are safe in the event of a fire. There is constant supervision for
	Ensure all staff are aware of their responsibilities in evacuation by being aware of the SENCO passport information		Head of School to remind staff	disabled children who would need help in the event of an evacuation. Disabled people in wheelchairs can be evacuated quickly and easily

Provide hearing loops in classrooms to support pupils with a hearing impairment	Take advice from LEIS on appropriate equipment if this becomes necessary	As required	Head of School	All children have access to the curriculum
All fire escape routes are suitable for all	Ensure staff are aware of need to keep fire exits clear	Daily	Head of School	All disabled personnel and pupils have safe independent exits from school
Ensure access to IT equipment is appropriate	Including in relation to those with a visual or hearing impairment	As required	SENCO	Hardware and software available to meet the needs of children as appropriate
Ensure any proposed 'new build' project is physically accessible for everyone	Project manager appointed willensure compliance with buildingregulations regarding accessibility			Any new construction willbe fully accessible
Fire alarm	Currently only auditory			

#### IMPROVING THE DELIVERY OF WRITTEN INFORMATION TO PUPILS

This will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. Examples might include handouts, textbooks and information about school events. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe.

In planning to make written information available to disabled pupils we again need to establish the current level of need and be able to respond to changes in the range of need. The school will need to identify agencies and sources of such materials to be able to make the provision when required. The schools ICT infrastructure will enable us to access a range of materials supportive to need.

Targets	Strategies	Timescale	Responsibility	Success Criteria
Inclusive discussion of access to information in all parent/teacher annual meetings	Ask parents about preferred formats for accessing information	Annually	SENCO / Head of School	Staff more aware of preferred methods of communication, and parents feel included.
Review information to parents/carers to ensure it is accessible	Provide information and letters in clear print in "simple" English School office will support and help parents to access information and complete school forms Ensure website and all document accessible via	During induction On-going Current	Administrators	All parents receive information in a form that they can access

	the school website can be accessed by the visually impaired			
Improve the delivery of information in writing in an appropriate format	Provide suitably enlarged, clear print for pupils with a visual impairment	As required	Office	Excellent communication
Ensure all staff are aware of guidance on accessible formats	Guidance to staff on dyslexia and accessible information	On-going	SENCO	Staff produce their own information
Annual review information to be as accessible as possible	Use child friendly DAF (Devon Assessment Framework) review formats	On-going	SENCO	Staff more aware of pupils preferred method of communications

We are aware that the need for reasonable adjustments may arise at any time. These will be reviewed as and when the need is identified. We will consult with experts when new situations regarding pupils with disabilities are experience.
